	Experiment 12'.
	,
	Aim -
	To create a lambda function which will log
	To create a lambda function which will log "An image has been added" once you add an object to specific S3 bucket.
	abject to specific S3 bucket.
	J
	Theory-
	J
	Ahls lambda is a serverles, event-driven composing
	platform.
	Working-
	Write code in supported language and upload
	to AWS lambda.
2	Enter event detalls.
3)	Lambda code exewtes only when certain conditions
	are met.
	AWS lambda charges users only when executed.
eg	Email sending, hosting of website etc.
